## GERMANS PAYING HEAVY TOLL FOR GAINS IN STALINGRAD

### Russians Driving Back Invaders In Desperate Fighting

By ROGER D. GREENE  
Associated Press War Editor

Russian troops slipping westward across the Volga river at night were reported to have driven the Germans from houses, buildings and streets amid savage hand-to-hand fighting in one section of Stalingrad today as the siege entered its 30th day with the invaders still held at arm's length.

At mid-day, Soviet headquarters acknowledged that German infantry, led by 100 tanks, captured several streets, but its communique declared:

"In other sectors, all enemy attacks were repulsed."

More than 1,400 Nazis were listed as killed and 17 tanks knocked out of action in the last 24 hours.

Nazi field headquarters said German troops had captured further ground in the "center of Stalingrad" despite the defenders' "obstinate resistance" and declared that Soviet counter-attacks had collapsed.

The German command also noted "severe defensive fighting" in the Voronezh zone, 300 miles northwest of Stalingrad, where the Russians have launched repeated diversionary attacks against the Nazi left flank.

### British On Outskirts Of Tananarive

Field messages to Red Star, the Soviet army newspaper, said Russian shock troops had driven the Germans from a number of positions in the northwest and recaptured a village in the southwest.

Red Star declared also that the Germans had lost several thousand troops and 22 tanks in a two-day battle for an important height—perhaps referring to a hill overlooking the heart of Stalingrad, which had previously been reported the scene of a bitter five-day battle.

Bleedily but apparently indecisive fighting also continued to rage in the Moxdok sector of the central Caucasus, 50 miles above the Grozny oil fields, and along the Black Sea coast.

Meanwhile, reports reaching Stockholm, relayed by Reuters, said Adolf Hitler had dismissed Field Marshal Fedor von Bock, gaunt Prussian commander of the Stalingrad assault, as a result of a clash over campaign strategy.

These reports said the dispute arose over Hitler's insistence on simultaneous drives against Stalingrad and the Caucasus, while von Bock urged a single concentrated thrust into the Caucasus, arguing that too great a price would have to be paid for conquest of the Volga steel city.

Von Bock was said to have returned to Berlin two weeks ago.

### NEW POLICY DECREED FOR NORDIC RACE

Soviet News Agency Says Order Divides People Into "Full-Valued" and "Devalued"

Moscow, Sept. 23.—(P)—A new racial policy, dividing the vaguely defined Nordic race into "full-valued" and "devalued" elements, was outlined by Adolf Hitler, the official Soviet news agency Tass reported today in dispatches from Stockholm.

The division into first class and second class Nordics has become necessary because Nordics living on the periphery of Germany have allowed themselves to become debased by inferior foreign elements, Tass asserted, quoting a curious secret document which it said had been circulated among German authorities in the occupied Scandinavian countries and the Netherlands.

The failure of Nordics who live on the "contaminated periphery of the German racial center" to resist effectively "the decline of their racial standards" establishes their unfitness to be classed as Nordics of the first order, the document said.

German occupying authorities, Tass continued, were advised to adopt three measures of policy. To emphasize the superiority of the "nucleus German."

First, "Take political activities from the hands of mixed and impotent national elements" and concentrate such activities among persons "bound by blood ties with internal Germany."

Second—Draw on any number of representatives of the northern (second-class) races for work necessary to meet German economic and war needs.

Third—In the execution of laws to differentiate "between elements of the Germanic race, and to await in these matters the decisions of Imperial organs now under preparation."

Tass said these observations, reported to have been sent to German occupation authorities of Norway, Denmark, Holland, Belgium and the Baltic states, were signed by Martin Bormann, who has assumed many of the duties of the fugitive deputy fuhrer, Rudolf Hess, and Alfred Rosenberg, so-called spiritual leader of the Nazi movement.

It reported that the British troops now approaching the outskirts of the capital from the north, encountered French troops in positions supported by artillery about 15 miles from the city.

This resistance was overcome, the communique said, when the British took their last objective at Mahitsy village.

Meanwhile, another British column advancing down the north coast made contact at Antsaholainy with a column sent north, putting 300 miles of highway between Diego Suarez and Majunga in British hands, Majunga is the (Turn to Page Seven)

### Blind Man in Charge Of Observation Post

Uniontown, Sept. 23.—(P)—Walter E. Pearson, 58, a blind man, is chief observer at the air observation post at Indian Head.

Pearson, who was blinded in 1918 in a railroad accident, has exceptional hearing. Before being appointed to his post, he proved to associates that he was able to tell the route and direction of air-planes by hearing alone in many instances detecting them before they could be sighted.

### Leaders Seek Support For Parity Plan

Farm Bloc Press Drive to Write Higher Ceilings Into Measure

### SEVERAL AMENDMENTS

Washington, Sept. 23.—(P)—The house farm bloc formally joined its senate counterpart today in a drive to write into the anti-inflation bill higher agricultural parity prices, despite "unalterable" administration opposition.

Representing the house farm group, Rep. Brown (D-Ga.) proposed to insert in the measure an amendment reading:

"Parity prices and comparable prices for any agricultural commodity shall be determined as authorized by existing law but shall also include all farm labor."

Washington, Sept. 23.—(P)—Openly confident of victory, congressional farm bloc forces today pressed their drive to write higher farm parity ceilings into the anti-inflation bill, a move toward which President Roosevelt has expressed "unalterable" opposition.

Administration leaders in the senate, apparently taken back by yesterday's surge of support for the parity changes, made hasty overnight canvass for votes.

Farm state lawmakers want the increased cost of hired farm labor taken into account in computing parity prices. This is not done now.

### Farm Labor Shortage Is New Menace

Washington, Sept. 23.—(P)—Retirement at 70 doesn't fit the plans of Chief Justice F. Stone of the United States supreme court, the jurist's friends believe.

The chief justice who will reach the retirement age of three score and ten on Oct. 11, is in excellent health and too fond of his duties to quit the tribunal, assert associates who do not wish to be quoted by name.

Appointed associate justice in 1925 by President Coolidge, Stone held chief justice on June 12, 1941, by President Roosevelt. Stone would be entitled to leave the court with full pay under the law which permits a member of the court to retire and receive his salary after serving 10 years and after reaching the age of 70.

His friends also reason that during wartime a change in the head of the court would be unsettling.

"We begin on the 1943 crop with a labor situation far more threatening than a year ago and every sign points to our losing more and more men," the secretary testified.

### CONCESSION OWNER HELD FOR FATALITY

Tyone, Sept. 23.—(P)—Joseph Burkett, of Roaring Spring, was held for court under \$1,000 bond on a charge of manslaughter by Alderman Ira J. Shelley, in connection with an airplane swing accident last August 6 at Bland Park in which 17-year-old Evelyn Edmondson was killed.

Burkett was owner of the swing concession. Miss Edmondson and three companions were in the swing which fell. State Motorist H. O. Herman testified at the hearing yesterday he had found supporting cables of the swing were faulty and worn.

### NUMBER OF AMMUNITION DUMPS FIRED

More Than 34,000 Rounds Of Ammunition Poured Into Jap Installations By MacArthur Planes

### LARGE VESSEL IS HIT

General MacArthur's Headquarters, Australia, Sept. 23.—(P)—General Douglas MacArthur sent fighter planes swarming down the Buna-Kokoda trail in New Guinea yesterday, pouring more than 34,000 rounds of ammunition into the Japanese and their war installations in a growing aerial offensive in the southwest Pacific which gave the Japanese a taste of the punishment their planes inflicted on MacArthur and his men on Bataan.

MacArthur's fighters and bombers, in a series of attacks over New Guinea, New Britain and the northern tip of the Solomons, carried out the most extensive sweeps since the start of the warfare on New Guinea, today's communique indicated.

Roaring up and down the track between Buna and Kokoda over which the Japanese supply their forces in the Owen Stanley mountains, the fighters set fire to fuel and ammunition dumps, a warehouse and huts used by the Japanese.

At the Buna end of the trail on the northeast coast of New Guinea, three motor launches and a barge were left in flames, an anti-aircraft position was riddled with bullets and silenced and Japanese ground troops suffered casualties, it was reported. Medium bombers followed up the attack last night with an attack on airdrome installations.

Kokoda the Allied fighters poured cannon and machine gun fire into the Japanese positions, starting fires and silencing an anti-aircraft gun.

### Sabotage In Netherlands

Bern, Switzerland, Sept. 23.—(P)—Bitterness against the German conquerors is increasing. The Netherlands and, heartened by hopes of an eventual Allied invasion, the Dutch are committing almost daily acts of sabotage, a correspondent of the Basler National Zeitung wrote today.

The invasion threat, he said, compelled the Germans to strengthen their coast fortifications and to transfer many of their troops in the eastern Netherlands provinces to coast stations.

He wrote that at the same time almost daily acts of sabotage occur—German road signs are destroyed, tires on German cars are slashed, trains of war supplies and food for Germany have been derailed and telephone lines have been cut.

In reprisal, it was reported, many Dutch workers had been taken to Germany to work under strict supervision and in cities there is scarcely a young worker to be seen.

### Amnesia Girl Plans Future

Hollywood, Sept. 23.—(P)—Pretty Glory Weller Miller and her husband she says is a stranger to her after nearly five months of married life will try to find happiness in the bizarre situation into which a capricious fate has cast them.

By means of a trial marriage they will attempt to form a permanent relationship out of what was to him a normal domestic life, but to her was merely a hiatus in her existence.

A psychiatrist yesterday predicted a complete recovery by Mrs. Miller from the amnesia which gripped her upon the death of her first husband, H. Pierce Weller, former Binghamton, N. Y., editor, and under the spell of which she said she married Henry Miller, a commercial photographer.

The couple will occupy separate quarters in the Hollywood apartment in which they have resided since their Las Vegas, Nev., marriage May 1.

Man and Wife Found Slain In Automobile

Hitch Hiker Wearing Bloody Overalls Held for Questioning in Case

### KILLED WITH HANDAXE

Springfield, Ill., Sept. 23.—(P)—A hitch hiker, reported by police to be wearing bloody overalls, was seized today for questioning about the slaying of a St. Louis federal official and his wife, whose hatched bodies were found crumpled in their automobile on the main highway north of here last night.

The suspect was wearing overalls which bore blood stains, police said.

The couple had left their home Monday night, and was believed to have planned a short automobile ride.

Capt. Thomas J. O'Connor of the Illinois state police said they had been identified as Charles A. Nash, about 56, an attorney and group chief of the Bureau of Internal Revenue Department, and Eleanor M. Nash, 49. Authorities said they apparently had been killed with a hand axe, which was found in the rear seat of the 1941 sedan.

Mrs. Nash's body was found inside the car, but the body of her husband was not discovered until about three hours later, stuffed in the small trunk of the machine. Both their skulls were crushed and there were cuts and bruises on their bodies.

State's Attorney Alfred Greening said that the man held explained the bloodstains in his overalls by claiming that he had cut himself while shaving.

Dragoo said an examination of the bodies indicated that the couple probably had been slain in St. Louis Monday night and their slayer abandoned the machine about eight miles north of here because of a blowout on the left rear wheel.

### Program Is Adopted By House G.O.P.

BY ALEX H. SINGLETON  
Washington, Sept. 23.—(P)—The Republican delegation in the house, holding that "no party, class or section has a corner on patriotism or ability," stood pledged today to fight for a decisive victory in the war, and to recognize this country's "obligation" to help maintain peace through a world understanding and cooperative spirit.

A ten-point program of policies and principles in effect, a platform to carry the party's bid for increased representation in congress after the fall elections—was adopted at an extraordinary conference of house Republicans last night.

It linked with its stand on war policy, one which opposed any attempts to negotiate peace, a demand for "full and immediate utilization by the president of the war powers."

### Warren Citizens Invited To Join Farmers In Scrap Drive

Warren citizens, fired by the drive for scrap now in progress throughout the county, are joining the farmers in an all-out effort to make the Scrap Harvest an overwhelming success. All day Tuesday Warrenites made a beat-on track to the scrap blockade at the foot of Market street. One patriotic Liberty street citizen donated an iron fence which had encircled his home and which will provide nearly a ton of metal to hurl at the Japs. Another brought an old hot water heater. There were sinks, horseshoes, hubber tires, scores of items—and early Wednesday morning the pile was still growing.

Yes, Warren citizens are not only permitted they are invited to join in the farmers' effort to make this a banner week and to reach the goal of 500 tons of scrap. In response to the many inquiries received, B. S. Knaben-shue, chairman of the Salvage Committee, emphasized that local citizens may take their scrap to either of the Warren weight stations; the United Lumber Company or the borough scales at Madison and Franklin streets. They will receive a weigh sheet, tickets to the picnic, and compensation for their scrap after the picnic is over.

## THREE VITAL ENEMY BASES ARE ATTACKED

Most Spectacular Large-Scale Land Assaults in Mediterranean Front Are Claimed

### HEAVY BLOWS DEALT

BY STEPHEN BARBER  
Cairo, Sept. 23.—(P)—Daring British desert patrol raids 500 miles behind the Axis' Egyptian line on three vital enemy points—the big supply port of Bengasi, the nearby coastal airbase site of Barce and the outpost garrison at the Gialo oasis deep in the desert—were disclosed by the British command today.

Announcement of the most spectacular large-scale land raiding in the whole war on the Mediterranean front, in which the British said heavy blows were dealt enemy forces, supplies and planes, came only after the Italians yesterday had acknowledged a six-day battle at the Gialo oasis.

Gialo, a remote post about 235 miles south of Bengasi and 500 miles southwest of the El Alamein-Quattara battle line in Egypt, was attacked on the night of Sept. 15.

Bengasi and Barce were attacked two nights before—the same night as the big commando raid on Tobruk, some 220 miles to the east of Bengasi.

The communique said the British desert patrols which carried out the raids now have arrived back at their bases. It listed these accomplishments:

At Gialo—"Considerable casualties" inflicted on the enemy garrison and dumps of ammunition and supplies destroyed by artillery fire.

At Bengasi and Barce—More than 30 aircraft damaged or destroyed on the ground and several others "shot down while attacking our troops"; heavy casualties inflicted on "enemy personnel and motor transport."

The disclosure of these rapid fire-land patrol operations showed that even the land-and-sea raid on Tobruk the night of Sept. 13 was only one phase in a series of sweeping incursions into enemy territory far west of the El Alamein line.

"The communique did not tell how the British were able to get men and artillery so far behind the enemy's lines over hundreds of miles of desert sands, but informed sources in London said that the heavy damage mentioned in the communique indicated the Axis was caught completely off guard."

### DISTRICT ATTORNEY OF ERIE CO. IN SERVICE

Erie, Sept. 23.—(P)—Mortimer E. Graham, district attorney of Erie county from 1932 until 1940, disclosed today he had been commissioned a lieutenant (senior grade) in the navy aviation corps and will report for duty at Pittsburgh Sept. 26.

Graham is a veteran civilian aviator, small boat pilot and former Allegheny College football star.

### Four Eastern States Have Raid Alert

New York, Sept. 23.—(P)—An unidentified airplane, first reported by the army as "operating over a seaward area," brought air raid alerts to four eastern states last night before it was found to be friendly.

The blue signal, just short of a full-fledged alarm, was flashed at 8:57 p. m. (E.W.T.) and resulted in some confusion in the New York area and in some nearby Westchester county communities. The alert lasted 34 minutes.

Key stations of the major broadcasting stations were silenced at 8:50 p. m. and within several minutes blue signals were sent to five New Jersey cities and some Long Island communities.

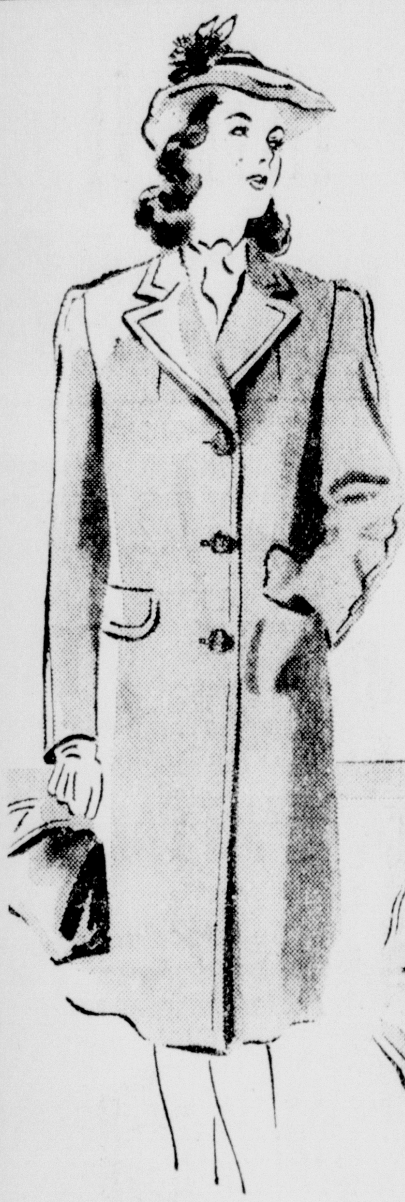

Yellow warnings, preliminary caution that unidentified planes had been sighted, were flashed to Morristown, N. J., Bridgeport and Danbury in Connecticut, Middletown, N. Y., and the state of New Hampshire.

In the metropolitan area, Mayor LaGuardia acknowledged there was some confusion as air raid wardens stopped traffic in midtown and downtown areas, and turned off street lights in scattered sectors, for which he said, instructions were not issued.

Although no red signal, calling for the sounding of sirens and a general blackout, was received, a few sirens sounded in various sections of New York City.

### Letters to the Editor

Editor Times-Mirror:

It is with some regret that I note how you are urging the farmers of the county to bring in their iron and steel for salvage purposes when in Warren there are tons of old iron fences that could be turned in. While everyone is doing all possible to secure scrap metals to win the war these old iron fences are certainly available. A drive about the county shows an iron fence at the Children's Home in Sheffield; one about the W. C. Stone property, Fifth and Hickory streets; the W. F. Clinger and Beatty properties on Fifth and Conewango avenue; one on the

Popular street side of the Rockwell property; one about the M. W. Jamieson property on Market and Sheffield; one about the Y. W. C. A. and one surrounding the Court House property.

If the need to win the war depends greatly in scrap why in the name of all common sense are not these old fences ripped out and sent on their way to our Victory.

An Observer.

## Local Man Is Stricken In Eating Place

Harley Collins, 53, who resided at 250 Pennsylvania avenue, west, died suddenly while preparing to eat supper in a restaurant at 238 Pennsylvania avenue, west, last evening about 6:15 o'clock.

Mr. Collins, a valued employee of Charles Punskey for the past two years, had worked as usual Tuesday and Mr. Punskey brought him over town last evening shortly before six o'clock at which time he appeared in normal good health, although he had mentioned that during the day he had been struck on the chest by a piece of pipe. Due to these facts, an autopsy was ordered by Coroner Ed Lowrey, which revealed that he succumbed to a heart ailment from which he doubtless had been suffering for some time.

Mr. Collins, born at Kinzua and long a resident of this section, is survived by the following children: Mrs. Esther Wickham, Youngsville; Mrs. Margaret Gurdak, Virginia, Patricia, Elmer, Edward and Richard Collins, Warren; Cpl. Virgil Collins, with American forces in Australia; Gaylord Collins, Pittsfield; Kenneth Collins, Cleveland, O. Besides these, he leaves two brothers, Ward and Frank Collins, Warren, and a sister, Mrs. Julia Phillips, Cleveland.

Removal has been made to the Lutz Funeral Home until Thursday forenoon when the body will be taken to the home of his brother, Ward Collins, 831 Fourth avenue, where funeral services will be held at two o'clock Friday afternoon. Interment will be made in the Kinzua cemetery.

## Exhibit Will Be of Value

The county nutrition committee is sponsoring a special exhibit for teachers' institute at the high school Thursday and Friday. The committee, appointed by Mrs. Allan Frank, county chairman, to plan and promote this project is composed of Anna Loughry and Doris Moore, Sheffield; Arline Mott and Gertrude Ostroski, Youngsville; Kathryn Kessler and Mabelle Meyers, Sugar Grove; Dorothy Stout and Mildred Donaldson, Tidoute.

Elementary teachers are especially urged to visit this exhibit, and secure help in this vital problem.

## Pupils Attend Bible Classes

The program of weekday religious education, inaugurated during last term by the school authorities and the Warren County Ministerial Association, got under way this morning when pupils of Beatty Junior High and the high school were dismissed for the 10-40 period to attend class in the church of their parents' choice.

Principal Floyd G. Bathurst reports that approximately 800 students in the ninth to twelfth grades, inclusive, were enrolled for this special training, while about 100 elected to remain in school for the classes in citizenship and Victory gardens supervised by the social science department and taught by Miss Phoebe Finley and her staff.

At Beatty school, Principal H. D. Harris reported an enrollment of 334 pupils for weekday religious education and five for citizenship.

The Non-Partisan League went a step further than the other two bodies by endorsing all members of the Democratic ticket.

In addition to Ross, now auditor general, state-wide nominees are Elmer Kilroy for lieutenant governor, Warren K. Hess for secretary of internal affairs, Judge Grover C. Ladner for supreme court, Judge Michael A. Musmanno for superior court and Inez B. Peet for congress-at-large.

**PROMISES COLD FALL**  
With the advent of Fall this morning at 11:17 one of the coldest summers in history passes out of the picture. With the coming of fall fair weather was promised as barometers about town were rising. According to an old saw the wind direction when the sun crosses the line will govern the fall season and the wind was blowing due north at that time so chills are said to be ahead.

**HAS OCCUPIED BUILDING**  
In an effort to secure much needed room in the handling of a large volume of business the Struthers Wells Company is occupying the old filter house at the former plant of the Conewango Refining Company. Work of fitting up the building and the installation of machinery is under way and in addition to the S-W plant will be in operation in about one month. Twenty-five or more men will be employed once operations are started.

**WAITE URGES CO-OPERATION**  
Forest Waite, Commander of the Warren Control Center urges that residents of the city give careful thought to the creation of blackouts. Hundreds merely turn out their lights when an air raid alarm is given at night and sit quietly in the dark until the "all clear" sound. Mr. Waite calls attention to the fact that in event of a real raid the blackout might last for several days and the matter of life as usual in the homes could not be carried on. The black-out rooms should be equipped with black window coverings, pails of sand and a long handled shovel.

**POLICE RECOVER JEWELRY**  
Officers of the Police Department have recovered several hundred dollars worth of jewelry which had been taken from a local store, some of which had been taken to Jamestown and pawned. One of the boys was employed in the store and, according to what can be learned by the police, his accomplice would come to the rear of the store and a piece of jewelry would be handed to him. A third youth, of age, would then take the property to Jamestown to a pawn shop. Owing to the youth of the boys and the fact that all property was recovered no prosecution is being made.

**INTERESTING PICTURES**  
Three interesting water colors of local scenes are in display in the window of the Bickard Music House, Pennsylvania Ave. west. They were done by Stephen Juttner, of Cleveland, Ohio who is spending a vacation period in this city. One depicts a scene on Fifth avenue between East and Water street and the other two are views on the north bank of the river from the South Side. Mr. Juttner is a native of Yugoslavia and has been in this country for about three years. He is an interesting talker and has many revealing tales of conditions in his native country.

## Gifts For Armed Forces In Foreign Service Go Out Nov. 1

Postmaster Bell requests that the following instructions, issued by the Post Office Department, regulating the mailing of Christmas parcels and cards to members of our armed forces serving outside the continental United States, be brought to the attention of the readers of this paper.

1. All Christmas gift packages and Christmas letters or cards for delivery overseas must be mailed before November 1st.

2. In order to conserve shipping space parcels should not be larger than an ordinary shoe box nor exceed 6 pounds in weight, and no package will be accepted for mailing that weighs more than 11 pounds, nor measures more than 42 inches in length and girth combined, or over 18 inches long.

### INTRODUCING THE NFO BAND

The National Forge band will make its first Warren appearance when it plays a group of musical numbers at the Harvest Picnic and Scrap Roundup in Crescent Park Friday afternoon of this week.

This band, scheduled to be the last of three to be heard during the afternoon, offers a treat to Warren music lovers since it is not only the first local appearance but enjoys an exceptionally fine reputation in those places where it has previously presented concerts.

The Forge band is a small organization, carrying only 25 members. The size of the band, however, is more than compensated for by the fact that it is a very well-balanced and highly-capable group of musicians.

The Forgers organized their band about the same time as the Struthers-Wells, but to date has made all appearances out of town. Its first public concert was in Youngsville Memorial Day. Since then it has been heard on other occasions in Irvine as well as Youngsville. Having been privileged to listen to a portion of one of the programs in Youngsville we can assure all those attending the Scrap Picnic that an afternoon of delightful music is in store. Other bands on the program are the Warren High School and Russell High School groups.

It is interesting to note that although the NFO band as a unit has not been heard by Warren audiences, its members have participated in all the massed band concerts that have been played in Warren and so much enjoyed this summer.

### CALLING ALL WOMEN

With the Army and Navy calling for 3,000 nurses a month to attend to the needs of our fighting men, the demand for women to serve as Red Cross Volunteer Nurse's Aides grows greater daily.

Only those who have had the need for a trained nurse know how acute is the shortage in that field. And only those who have been in hospitals where Volunteer Nurse's Aides are serving know the important part these women play in filling the gap created by registered nurses joining the armed forces.

Throughout the nation there are many women who would like to aid the war effort. They are women who cannot leave their communities, but who wish to do something really important. Opportunity to perform the highest type of service—the relief of human suffering—beckons them in the form of the Red Cross Volunteer Nurse's Aide training program.

Requirements for such service are simple. Applicants must be between the ages of 18 and 50, and in good physical condition. They should have the equivalent of a high school education. They must be willing to undergo an intensive 80-hour training course and agree to serve as aides for a minimum of 150 hours a year.

Upon completion of their training they will serve as assistants to nurses in hospital wards, clinics, public health nursing agencies, and in the OGD emergency medical units in the event of enemy action. They will be qualified to relieve nurses of the routine tasks that take up so much time, yet mean so much to the comfort of the sick.

Hospital facilities are required for part of the training. Inquire of your local Red Cross chapter if training courses are available. If they are, tell them you want to become a Volunteer Nurse's Aide.

Your contribution will be worthwhile.

It is gratifying to note that despite wartime activities the Warren Concert Association again is asking support of the community in its annual membership enrollment which closes Saturday evening of this week. The three concerts scheduled during the season offer a pleasant diversion this year especially because of the world struggle and the worries it brings to every citizen.

Begins to look like the candidates for state offices decided to wait until it cools off before they begin warming up.

That air raid surprise test is coming any evening now. Better keep the house darkened in case you are to be out.

## The Nazis Gain a Few Yards More

### WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—With the back-to-school movement in full swing, U. S. Office of Education officials are up to their pedagogical chins in a teacher shortage situation that threatens to outstrip the crisis of 1917-18.

In those years, 125,000 inexperienced teachers were rushed into the breach, but the ranks still were 50,000 short of requirements. Dr. Benjamin W. Frazier, USOE specialist in teacher training, says that the educational crisis ahead is even worse than that.

In May, 1941, the shortage of vocational agriculture teachers was already developing. Now all 48 states are reporting serious shortages in that branch of instruction. Even before faculties checked in for the present fall term, 28 states had reported shortages in teachers of industrial arts and trades. The most serious situation apparently exists in high school special and vocational subjects and in rural elementary schools.

FLORIDA reports that elementary schools in 13 counties, high schools in 19, will be short of teachers before January. Kentucky says approximately 4,000 teachers, or 20 per cent, will not return this fall. South Carolina has lost more than 50 per cent of its vocational agriculture teachers. These are just samples of what is going on. They do not, however,

indicate the dilemma faced by many war industry communities that have mushroomed without even adequate school building facilities, much less a teacher reserve.

The causes, of course, are the heavy demands of the armed forces and the heavy drawing power of bigger salaries in war industries.

THE Office of Education wasn't caught napping when the states began to scream for help. The Office's wartime commission committee on teacher supply and demand had been studying the situation for a long time. They can't pull qualified teachers out of thin air, but they are making a lot of suggestions that help.

In the first place, they say, get salaries up to where they compete with those in the war industries.

In the second place, give those teachers retired because of marriage a break.

Other suggestions already put into practice in many forward-looking states are: recall retired instructors still mentally and physically competent; drop the bars against "out-of-state" teachers; issue emergency certificates "good for the duration" (29 states already have done this); and offer refresher courses for former teachers who are willing to help the war effort by returning to their desks.

### MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—One of the first war casualties of the Times Square sector was the basement of a favorite drug store frequented by small fry of the acting fraternity. It was their habit to congregate there and dream up vaillant parts over their ham sandwiches and coffee. Defense work and the drafts have so depleted the ranks of actors, however, that the basement has been closed and turned into a store room.

Bob Christenberry is an ex-Marine and a hotel (Astor) manager. He has only one arm. This doesn't hinder his golf too much. In the recent New Jersey State Hotel Association's tournament, Bob won with a 90. Try that with your right hand strapped behind you.

JOE E. LEWIS emits a gag: "It isn't that I dislike (mayor) LaGuardia. . . It's just that I've got hay fever and am allergic to Little Flowers."

While we're on the subject of LaGuardia it might be well to point out the similarity in appearance between the Mayor and Comedian Lou Costello. They do say there's only one real way to tell them apart—and that is to introduce yourself as a reporter. If he ignores you—it's LaGuardia.

THIS may confuse you a little, but it's what happened anyway. Several New York Guard officers

asked Governor Lehman's son, who is a Lieutenant in the army (John is the name), why he refused his father's invitation to review several guard regiments along with Generals Ottmann, Brown, Herbst, and Ziegler. The Lieutenant explained, "I'm not under my father's jurisdiction or command here."

"Do you mean your father as Governor of New York, or as Commander-in-Chief of the Guard, or as a parent?"

"All three of them," said the Lieutenant. "My head chief at the moment is a guy named Roosevelt."

NEW YORK's greatest value in entertainment continues to be the 30-cent news reel theaters. Imagine having actual shots of attacks on convoys, of planes shot down, of flaming aircraft carriers at sea, of Commando raids.

Cardini, the magician, is noted for the multiple lit cigarette trick, which he invented. He smokes and throws away scores of cigarettes before your eyes, and the wonder is how does he get them lit. That, of course, is his secret. However, he told me this. "The toughest thing to do is to perform the cigarette trick at army camps or anywhere before soldiers. The kids just hate to see all those cigarettes wasted."

They're real cigarettes too. Just before he went on at the State he other night he discovered he was out of cigarettes and his wife had to hurry out and purchase several packs.

## Insurance Protects Buyers Of Jewelry at Darling's

You needn't worry about your jewelry if you purchase it at Darling's. Every article purchased at Darling's Jewelry Co. is protected against direct loss or damage through burglary, hold-up, fire, smoke, riot, aircraft, lightning, hail, tornado, cyclone, explosion, windstorm and other every-day risks.

The only thing not covered by this guarantee is natural wear and tear and mysterious disappearance.

The benefits of this type of insurance are unbounded when you consider the freedom from worry that will attend purchase of expensive jewelry.

There's the case of Joseph Vignato, 2 Hickory street, Erie, who is now serving at Camp Shelby, Miss. While Pvt. Vignato was

on maneuvers his watch, purchased at the Darling Jewelry Co., was subjected to a thorough dousing in water during a tornado. Today Pvt. Vignato is being sent a new watch without any added cost to himself, his purchase having been covered by the "tornado" clause of the insurance policy.

But it isn't only a watch that is given this protection. Every piece of jewelry purchased at Darling's including diamond rings are protected.

This is worth considering when making a purchase of expensive jewelry. If you should happen to be a prospective bride or groom about to buy an engagement or wedding ring, for instance, you might well take into consideration the insurance against loss offered by Darling's.

Forge baseball record-statistics recently compiled from the official records of the National Forge and Ordnance Company's baseball club discloses that the 1942 diamond campaign was the fifth and most successful in the history of the Irvine combine. The Forgers playing under the direction of Manager Emmy Morrison engaged in thirty-six games and returned victorious in thirty-one contests while losing four and deadlocking the other. Included in the Irvine nine's list of laurels were a fourth straight district crown, a third successive county championship, supremacy in the Sunset League and a first place tie with the Corry Merchants for the Tri-County League title.

Nick Creola replaced Emmy Morrison as club's batting king by compiling a .374 average but the Forge's sensational shortstop was close behind with .370. "Roscoe" Rousquet was third in the hitting chase with .344. Dick "The Dazzler" Hines was the team's leading hurler with eleven victories against no defeats.

Bleacher section reports "Stiggy" Petruski's .305 batting average for the N. F. O. marks the first time the popular infielder has crashed the charmed three hundred circle since he came here to play with the HyVis Oils. Nick Creola's .373 mark is the lowest average ever to win the Forge batting crown. Morrison won with .400 and .458 in 1938 and 1941. Elmo Wolfe with .334 in 1939 and Ab Mack with .393 in 1940. Fred Caliguri, a native of nearby West Hickory, is up with Creola's Athletics for the second time this year. . . . Dick Shattuck, center on the Dragon varsity was once a first string reserve at Youngsville. . . . His brother, Chet, was Eagle co-captain in 1938. . . . Lou Casses, manager of the Eagle unit in the Sunset League, plans on directing the destinies of a basketball quint in the prospective Y. M. C. A. league this winter. . . . His Patterson five was knocked out of last year's race just short of the playoffs, eventually won by the O'Connors. . . .

Strikes and Spares—Bowling has taken Warren by storm with a half dozen circuits already in action and as many more set to burn up the slides in their debuts at the Center and Arcade within the next few days. The Junior City loop will fly at the mazes for the initial time this year at the Arcade tonight while a reportedly fast Youngsville circuit will do ditto tomorrow evening. . . . A little late but with all sincerity our hat goes off to Mrs. Juliana and Mrs. Printz for the opening high games of 180 and 179 in the ladies league. . . . Bouquets are also in order for Mrs. Printz on her three game total of 453 and to Kinneer's for their evening's collection of 1,975 pins. . . .

## A Promise for Tomorrow

Chapter Seven

### Beneath The Surface

JULIE nearly forgot about the tanned stranger and the mysterious green phanton in the next week. The let epidemic of measles spread relentlessly, striking at adults, taking great toll of Julie's time and energy. She spared herself not at all, trying to carry all of the work left over from her father's huge burden.

"Don't have to let some of your calls go," Dr. Tom advised her one morning when she appeared at the breakfast table, pale and hollow-eyed after a scant two hours' sleep. "Send a visiting nurse. Telephone. Don't give so much of yourself."

"But Dad—that's what I want to do. That's what you are doing, isn't it?"

He smiled at her slowly. "You're a stout soldier, Julie. But I'm warning you."

"Don't worry about me, Daddy. Never felt better."

Hulda thumped a plate of bacon and scrambled eggs down before her. "Mister Rogers says you should call him ven you are awake and Miss Kelland wants to talk right now. But I told her your eggs ver hot."

Laughing, Julie pushed back from the table, ran across the hall to the library.

"Julie darling," Dawn's voice came high-pitched and shrill with nervousness across the wire. "Could you possibly stop by this morning. I need to see you quite desperately."

"Certainly. In about an hour," Julie promised, puzzled. Surely the call wasn't for professional service, she realized instantly. Dawn, like her father, had always insisted on seeing Dr. Tom. What, then?

Thanks, darling. That's marvelous of you. The phone clicked and Julie went thoughtfully back to her breakfast. "Is Mr. Kelland doing better now?"

Dr. Tom glanced over the top of his newspaper. "A little. Light stroke. He can talk quite plainly now. Something on his mind now. I've a hunch. It's that that holds him back."

"Any idea what it could be?" "Not much. Money, chiefly."

"Money? Impossible. He's worth millions."

"Maybe." Her father went back to his paper. "Probably tied up, though. Understand he's sold out all his holdings on Main Street for a lot less than they're probably worth."

"Drink your milk now, just like a good girl. Hulda coaxed and set a huge tumble before her."

"Some other time, Hulda. I'm in a hurry now." She smiled, patted the woman's hard, rosy cheek, dropped a kiss on her father's forehead and caught up her bag as she sped through the hall.

Too Demure for Truth

DAWN was waiting for her in the sunny rose parlor, the only intimate, cozy room in the whole huge house. In soft white housecoat and mules, she looked more like a little girl playing dress-up. All that, she save her eyes. There was nothing girlish about the expression there, Julie noticed instantly.

"Julie, you're an angel to come." She motioned to her to sit down in the big wing chair opposite the sofa where Dawn sat curled like a soft white kitten. "I simply had to talk to you and I knew of no better way than to take it here."

"You're not sick, then, I take it," Julie asked, smiling wryly. "Not exactly." Dawn's smile seemed a little forced. "What I really want is to ask you a favor."

"What is it?" "Will you help me persuade Pete to go to Riverport with his father tomorrow?"

Julie stared at her. "Riverport? What for?"

MAY SAVE A SOLDIER'S LIFE!

It's a fact that a single 10-cent piece can be the means of saving a soldier's life—because the five cartridges it buys can make the difference between victory and defeat for one of our boys. Think then what more money will do, if put regularly into U. S. War Savings Stamps! Order them delivered to your home, week after week, by your newspaper carrier boy. This coupon, filled in, will be all the authorization he needs. Hand it to him next time he stops!

I would like to have . . . . . 10-cent War Savings Stamps delivered to my home each week until further notice.

**CENTRAL UNION**

Central W. C. T. U. members held their regular meeting at the home of Mrs. Florence Emery, 6 Elm street, with the president, Mrs. J. N. Grady, in charge. Mrs. F. C. Eaton consented to serve as secretary to succeed Miss Minnie Shawkey, who had resigned and much regret was expressed in the illness of the capable treasurer, Mrs. Arthur Rumohr.

Mrs. Clara Thompson accompanied for singing and Mrs. Eaton led a brief devotional period. Mrs. Emery read a humorous but instructive article on "Ants at a Picnic". There was earnest discussion of the responsibilities of the W. C. T. U. in the home town and the need for more interest and activity of the Christian women of Warren. Mrs. Grady spoke of the day room established by "Mother Moore" in a Philadelphia army camp and her request for help in a second room. The sum of \$4 was contributed by those present. The meeting closed with the customary benediction and short prayers for boys in service.

During the social hour, the hostess served refreshments.

### Mothers Are Honored Guests For Dinner Of Legion Auxiliary

Five Gold Star Mothers were honored guests last evening at the thirteen dinner held by the American Legion Auxiliary in the Legion Home. They were Mrs. Augusta Anderson, Mrs. E. R. Jones, Mrs. Johnson, Mrs. Isaacson and Mrs. W. J. Humiston.

In addition, mothers of boys in service in both World War I and II were specially invited guests. Gold Star Mothers were presented with lovely potted plants and other mothers were given small American flags.

During the business session which followed, plans were discussed for the rummage sale to be held next week in the Beckley building and for the next meeting, October 13, when officers will be installed by the newly-elected director, Mrs. A. T. Atkinson, of Freeport.

For a pleasing program, Miss Anne Nichols gave two recitations and Miss Constance Dey, of North Warren, sang two solos, with accompaniment played by Mrs. Watson Jamieson.

### Institute Program At United Brethren

All women of the United Brethren church and interested friends are invited to attend the W. M. A. fall institute program to be given in the local church on Thursday, when Mrs. J. Leon Maneval will preside for three busy and interesting sessions.

Other leaders for this period are Mrs. A. J. Vrooman, children's director, and Miss Janet Gilbert, of Dayton, O. Mrs. Vrooman will conduct a discussion group at the noon hour for children's workers.

Rev. Glenn E. Donelson, youth director, will speak for the afternoon session, starting at 1:30, as will Rev. W. G. Woodward, local minister and adult director. Dr. S. Paul Weaver, Jamestown District superintendent, will address the group and will meet at four o'clock with pastors. Youth directors and Christian Endeavor presidents will meet with Rev. Donelson at the same hour and at six o'clock the Otterbein Guild fellowship supper will be served.
